To view the puff count and battery life just press the activation button. When the LED's Puff count reaches "999" it will automatically reset to "000". To reset the puff count the device just needs to be placed on the magnetic charging stand and charge for at least 2 seconds.</p><p>Elegant Style & Finish</p><p>ALLOR Solution is assembled with a high gloss white finish with the highest quality materials and parts. The tank contains Pyrex glass and the latest generation Clearomizer with a CF4 dual heating bottom placed coil with invisible wick for the most efficient vapor producing experience.</p><p>Automatic Temperature Sensing</p></div> <div data-bbox="1147 491 1643 595"><p>The ALLOR Solution contains an automatic temperature sensor that automatically detects the temperature of the electric heating wire in the tank. When the electric heating wire temperature exceeds the recommended temperature, the battery will automatically shut off to protect the heating element/wire and the tank.</p></div> <div data-bbox="1169 595 1641 807"></div> <div data-bbox="1386 807 1399 824"><p>2</p></div>	<div data-bbox="1679 69 1887 95"><p>AUTO LOCKING FUNCTION</p></div> <div data-bbox="1679 109 2178 256"><p>The ALLOR Solution has an auto locking function to protect the battery and prevent accidental activation. To lock the device quickly press the power button 5 times within 2 seconds. The power button will flash 3times to indicate the device is locked and has been turned off.</p><p>To Unlock and turn on the device, press the power button 5 times within 2 seconds, the power button will flash 2 times to indicate the device is locked and turned off.</p></div> <div data-bbox="1679 265 2178 381"><p>Power Saving Safety Feature</p><p>If the battery's power button is pressed continuously for 10 seconds, the power button will flash 3 times and go back into standby mode. To continue to use the after the device goes into standby mode, simply press the power button again and use as normal.</p></div> <div data-bbox="1771 390 2037 807"></div> <div data-bbox="1920 807 1934 824"><p>3</p></div>	<div data-bbox="2209 69 2422 95"><p>FILLING THE E-LIQUID TANK</p></div> <div data-bbox="2209 98 2708 152"><p>When you have less than 25% e-liquid remaining in your tank or you experience a slightly burnt taste, you will need to refill your tank with e-liquid.</p></div> <div data-bbox="2209 161 2708 477"><ol style="list-style-type: none">1. Always remove the battery from the tank before filling or refilling with e-liquid. When unscrewing your tank from your battery, always turn the device upside-down (with the mouth piece on the bottom and battery on top) to prevent accidental spillage of any remaining liquid in the the tank.2. Hold the steel ridged section(heater/clearomizer head) of the tank and unscrew the battery counter clockwise.3. Unscrew the steel ridged section of the tank in order to fill the tank.4. While holding your tank at a slight angle, point and pour e-liquid into the sides of the tank. (DO NOT OVER-FILL ABOVE CENTER TUBE & DO NOT POUR E-LIQUID INSIDE THE CENTER TUBE)5. When filled, simply screw the Heater/clearomizer head steel section back on to the bottom of the tank, and then screw the entire tank back on to the battery.</div> <div data-bbox="2209 517 2708 656"></div> <div data-bbox="2455 807 2469 824"><p>4</p></div>

<div data-bbox="83 892 449 918"><p>CHANGING YOUR CLEAROMIZER HEATER HEAD</p></div> <div data-bbox="83 940 582 1097"><p>After using ALLOR for extended periods of time you may begin to experience a slightly burnt taste, a decrease in flavor or vapor production, which means it may be time to replace your clearomizer head. To get the truest flavor from your e-liquid we also recommend to change your clearomizer head when switching between different e-liquid flavors.</p></div> <div data-bbox="83 1119 582 1420"><ol style="list-style-type: none">1. Before replacing your clearomizer head please make sure your tank does not contain any e-liquid.2. To replace your clearomizer, turn the device upside-down. Hold the steel ridged section(heater/clearomizer head) of the tank and unscrew the battery counter clockwise.3. Then unscrew the Steel ridged section counter clockwise to remove the clearomizer head.4. Screw on your new Clearomizer head to the tank (clockwise), and then screw the tank back on to the battery (clockwise).</div>	<div data-bbox="618 892 956 918"><p>CHARGING THE ALLOR SOLUTION BATTERY:</p></div> <div data-bbox="618 921 1119 1407"><ol style="list-style-type: none">1. The LED Display will indicate how much battery life is available and when the battery needs to be recharged.2. Connect the magnetic dual charging stand to the USB charging cable.3. Then connect the USB charging cable to a USB wall adaptor or any USB power source (such as a computer or phone charger).4. Insert (do not screw) the battery's end in the either one of the holes of the dual magnetic charging stand.5. Once the battery is properly connected to the dual magnetic charging stand, the LED lights on the battery will flash 3 times to confirm charging has begun. Also the circular light on the charging stand will illuminate RED to indicate the device is charging.6. When the circular light on the charging stand turns from RED to BLUE, that will indicate the device has been fully charged (approximately 2-3 hours to fully charge) and the charger will automatically stop charging the device to prevent overcharging.7. Please remember that charging the device always resets the puff counter.</div> <div data-bbox="618 1430 1119 1643"><p>ACTIVATING AND USING THE ALLOR SOLUTION:</p><p>Once your ALLOR Everest is charged and contains your e-liquid in the tank it is ready to be activated and enjoyed.</p><ol style="list-style-type: none">1. Before activating make sure the tank contains e-liquid. (activating the device with NO e-liquid could damage the heater)2. To activate simple press and hold down the power button while you take a puff. Release the button when you have finished puffing and enjoy!</div>	<div data-bbox="1169 892 1627 1097"></div> <div data-bbox="1269 1105 1582 1643"></div> <div data-bbox="1386 1623 1580 1643"><p>7 · Fully charged (Blue)</p></div>	<div data-bbox="1679 892 2178 1161"><p>WARNING</p><ol style="list-style-type: none">1. Never clean or refill the device while connected to the charger or power supply2. Do NOT charge the battery with any other charger that is not made specifically for this device3. Be carefull not to let dust or dirt get into the tank or battery device4. Do NOT press the power button or activate the device if the tank is empty or contains no liquid5. Keep this device out of reach of children, and avoid improper operation6. Avoid making skin contact with any e-liquid containing Nicotine7. If you experience any adverse reaction, reduce the strength of your nicotine in your e-liquid, or switch to a "NO" Nicotine e-liquid. If the problem persists, we recommend that you discontinue use of this product and see a physician.</div> <div data-bbox="1679 1182 2178 1256"><p>GUARANTEE</p><p>A 90-day warranty applies on manufacturing defects only. We cannot guarantee products that have been damaged through improper use or have been mistreated. our website for more details at www.allorvaporizers.com</p></div> <div data-bbox="1679 1277 2178 1621"><p>DISCLAIMER</p><p>ALLOR Vaporizer products are NOT smoking cessation products and have NOT been tested as such. The U.S. FDA has not approved these products for any use and they are not intended to diagnose, cure, mitigate, treat or prevent any disorder, disease, or physical or mental condition. Some ALLOR Vaporizer products may contain nicotine, a chemical known to cause birth defects or other reproductive harm. Nicotine is addictive and habit forming, and it is toxic by inhalation, in contact with the skin, or if swallowed. Ingestion of the non-vaporized concentrated ingredients in the cartridges can be poisonous. Physical effects of nicotine may include increased heart rate and elevated blood pressure. If the cartridge or contents are swallowed, seek medical assistance immediately. ALLOR Vaporizer products are intended for use by adults of legal smoking age (18 or older) and NOT by children, women who are pregnant or breast feeding, or persons with or at risk of heart disease, high blood pressure, diabetes or taking medicine for depression or asthma. ALLOR Vaporizer products may NOT be sold to minors. Identification of all persons under 26 will be required before purchase. KEEP OUT OF REACH OF CHILDREN.</p></div>	<div data-bbox="2295 1206 2600 1298"></div> <div data-bbox="2325 1635 2589 1656"><p>WWW.ALLORVAPORIZERS.COM</p></div>
