

ALLOR Xpress

USER MANUAL

Thank you for purchasing the ALLOR Xpress vaporizer. In order to use your ALLOR Xpress correctly, efficiently, and safely, please follow the instructions in this manual.

Please keep this manual for future reference.

ALLOR Xpress KIT CONTENTS:

- 1 Allor Xpress vaporizer device
- 1 Cleaning brush tool
- 1 Metal packing tool
- 1 User manual

OVERVIEW

- 1. Retractable mouthpiece
- 2. Coil Heater chamber
- 3. Heating chamber cover
- 4. Power button
- 5. Built in USB charging flap
- 6. LED light & power indicator

CHARGING

Charge your Allor Xpress device for 2 hours or until the LED light goes from Red to Green. To Charge the device, just flip open the built in USB charging flap on the back end of the device and insert into any USB power source (see Photos).

The LED will glow red while charging and will turn green when fully charged.

PREPARING

To load your Allor Xpress:

- 1. Pull the heating chamber cover down to uncover the chamber.
- 2. Fill the chamber with your herbs, you can use your packing tool to gently pack the herbs into the chamber (do not pack too tightly and do not over pack).
- 3. Push the heating chamber cover back up and when fully closed the device is ready to be activated.

ACTIVATING

- 1. Pull the mouthpiece out. Rotate mouthpiece 90 degrees or to the position most comfortable for your best vaping experience.
- 2. Press and hold the power button for 3-4 seconds before placing the mouthpiece in your mouth (to give the heating element a chance to heat the contents), then continue to hold the power button down while inhaling and release when you are done inhaling.

CIGARETTE LIGHTER FEATURE

To use the Coil Heater for light up a cigarette

- 1. Pull the Coil Heater Cover down to uncover the chamber.
- 2. Place the tip of the cigarette on the Coil Heater
- 3. Press and hold the power button until the cigarette light up
- 4. Push the heating chamber cover back up when you finish.

CLEANING AND MAINTAINING

To keep the Allor Xpress working properly and get the best results, the device may need to be cleaned periodically:

To clean the Coil Heater Chamber:

- 1. Make sure the heating element is not activated.
- 2. Open the cover and use the brush tool to gently clean out the chamber.

TIPS

- 1. DO NOT pack the heating chamber too tightly to ensure easy air flow.
- 2. Hold down the power button for at least 3 seconds before inhaling.
- 3. Between uses, wait 3 seconds before reactivating the device.
- 4. Use the packing tool to rotate the contents to ensure an even heating.
- 5. Ground up dry herb is recommended.

WARNING

- 1. Avoid filling the Coil Heater Chamber with any stems, seeds, or liquids which can damage the device.
- 2. DO NOT touch the heating element for several minutes after use, it will be very hot.
- 3. Keep your device dry, do not submerge in water or any other liquid.
- 4. DO NOT put any objects into the heating chamber.
- 5. Keep this device out of reach of children, and avoid improper operation.

WARRANTY

A 90-day warranty applies on manufacturing defects only. We cannot guarantee products that have been damaged through improper use or have been mistreated. Visit our website for more details at www.allorvaporizers.com
